RE: For Immediate Release: **TM Century Releases Urban Version of Short-Bus Radio**

TM Century, Inc. of Dallas, TX today announced the release of Urban Short Bus Radio.

Short Bus Radio currently provides at least 5 sweepers, 5 workparts, 5 FX, 2 music beds and 15 TV & movie drops for CHR, Country, Rock/Alternative, News/Talk, and Classic Rock formats each week, 50 times per year. With the creation of the Urban “flavor,” Hip-Hop & R/B stations, Rhythmic CHR stations, and Urban AC stations can board “The Bus” and receive weekly imaging material produced exclusively for the Urban format. Short-Bus Radio Urban affiliates can just drop in their voice over guy or customize the sweepers and workparts to air.

Power 106 in Los Angeles has become the flagship station to debut Urban Short-Bus Radio. Jimmy Steal, Vice President of Programming for Emmis Communications says “Short Bus Radio is quite simply one of the very best in the free world at station imaging...We use Short-Bus on Emmis stations like KZLA in L.A., Hank in Indianapolis, The Loop in Chicago, and now Power 106 in L.A.!...”

Paul Bahr, President/CEO of Short Bus Radio, Inc. says “All us Short Bus guys are producers just like you. We work in the trenches everyday...and we know what your PD wants. He wants it now...he wants it to sound smokin’...We thought about calling the Short Bus Radio Urban package “Crack”. Once you try it...you’ll be hooked.”

To sign up for the service or a 2-week test-drive of Short Bus Radio, please contact TM Century at 972-406-6800 or send an email to signup@shortbusradio.com.

About TM Century

Dallas based TM Century, Inc. creates, produces and distributes music based products for all media and comedy & prep material for radio stations. Product lines include music compilation libraries and weekly new music distribution services, commercial production & imaging music, commercial jingles & radio and TV station identification packages, Bitman, Daily Comedy Network, and Short Bus Radio. TM Century's clients include radio and television stations, radio, television satellite and Internet networks, web sites and portals, the American Forces Radio Network, and numerous advertising agencies and commercial businesses. TM Century's products are broadcast on every continent on Earth (Yep, even Antarctica!).
