RE: For Immediate Release: **TMC Acquires Bitman From FEC**

TM Century, Inc. of Dallas, TX today announced the acquisition of representation and marketing rights to the popular Bitman comedy and show prep service from Folger Entertainment Company of Grapevine, Texas. Effective immediately TMC will begin sales and marketing representation for Bitman.

Bitman is owned and produced by David Evjen of Honolulu, Hawaii. The paper prep comedy service is used by scores of radio stations throughout the United States and Canada.

"We've been wanting to add a paper prep service to our prep service catalog for some time now. In researching the marketplace it became clear that Bitman was considered to be the funniest and cleverest of services available. We're thrilled to be able to work with a genius like David Evjen. Plus we now have a great reason to visit Hawaii every winter.", commented TMC President/CEO David Graupner.

Joel Folger, President of FEC commented; "Working and growing with Bitman over these past 2 1/2 years has been a tremendous experience. However, we wanted to focus more energy on the syndicated show DM Live and our extremely successful "BOB(sm)" format. Being able to help partner Bitman with TMC is a win-win situation for Bitman and our clients alike."

"TM Century is the New York Yankees of broadcast services," said David Evjen. "They're the benchmark of the industry and the guys who everyone looks up to and aspires to be. They've had a winning record for decades and I'm honored to have been drafted by them and to be a part of the team."

About TM Century

Dallas based TM Century, Inc. creates, produces and distributes music based products for all media and comedy & prep material for radio stations. Product lines include music compilation libraries and weekly new music distribution services, commercial production & imaging music, commercial jingles & radio and TV station identification packages, the TM Comedy Network & Prep Service, The Daily Service and Short Bus Radio. TM Century's clients include radio and television stations, radio, television satellite and Internet networks, web sites and portals, the American Forces Radio Network, and numerous advertising agencies and commercial businesses.
