Re: TM Century partners with Australia's Jingle House

TM Century, Inc. of Dallas, Texas (www.TMCentury.com) and Jingle House of Melbourne, Australia (www.jinglehouse.net) have entered into a partnership wherein they will represent each other's products in their respective countries.

Jingle House is a leading producer of radio and television station imaging and also produces commercial jingles for many of Australia's leading advertisers.

"Jingle House is, without question, the finest producer of commercial music in Australia. Their combination of brilliant creative with unsurpassed production values has led them to the pinnacle of the Australian market. We are absolutely thrilled to be able to offer Jingle House productions in North America," commented TM Century President and CEO, David Graupner.

TM Century will immediately make available dozens of Jingle House commercial jingles through its JingleBank.com division. These advertising campaigns will be available for license on a market-exclusive basis throughout North America.

In coming months, TM Century will begin to syndicate radio station ID packages that Jingle House has produced for leading stations around the world.

Jingle House will represent TM Century's many product lines in Australia and New Zealand.

Dallas-based TM Century, Inc. creates, produces and distributes music-based products for broadcast media use. Product lines include music compilation libraries and services, production music, commercial jingles and radio & TV station identification packages. TM Century's clients include thousands of radio & television stations; radio, television satellite and Internet networks; web sites and portals; the American Forces Radio Network; numerous advertising agencies and commercial businesses. TM Century's products are broadcast on every continent on Earth. (Yep, even Antarctica!) Additionally, TM Century, Inc. owns and operates www.JingleBank.com, an advertising jingle resource, www.StudioDragonfly.com and online station ID resource and Sold-Rite, Inc. (www.SOLD-RITE.com) a patent pending, internet-based, content delivery and DRM platform.
